- ✓ Strengthened **social cohesion** and **inclusion**.
- ✓ Enhanced **institutional capacity**.

Key Interventions

- ✓ Livelihoods and savings groups
- ✓ Nutrition and health services
- ✓ Water infrastructure (solar systems)
- ✓ Disaster risk reduction and anticipatory action
- ✓ Peacebuilding and governance strengthening
- ✓ Disability inclusion

Target Groups

IDPs, returnees, host communities, women, youth, and persons with disabilities.

Expected Results

- ✓ **2,500** people access health services
- ✓ **1,500** people access safe water
- ✓ **400** beneficiaries supported in livelihoods
- ✓ **20+** social cohesion initiatives implemented

Sustainability

Local systems strengthening, capacity building, and handover to community and authorities.

After 1 year of depending on benevolence of neighbours as an IDP, 38 years old Munshi Hanatou (in pink) has now engaged in a small-scale business activity after receiving cash from a CBM supported project in the North West region of Cameroon.
